Country House
Resort

Sister Bay
Door County, Wisconsin

Welcome...

In the woods, on the water and off the highway, this award-winning resort provides the perfect opportunity for adults and children, 13 years and over, to enjoy a quiet, relaxing getaway. Located 1/4 mile off highway 42 and situated on 27 wooded acres overlooking 1,100 feet of shoreline, the Country House offers the best of both worlds — peaceful seclusion while only a short walk to all the activities of Sister Bay.

Originally built as a private residence, the Country House, with forty-six rooms and suites, has grown into one of the most outstanding properties in Door County. Additions, remodeling and refurbishing have been continuous, retaining the charm of a country inn while adding the amenities of an elegant resort.

Landscaped grounds soothe your eyes and ears with fountains, flowers, trees and much more. Most rooms feature private balconies with a panoramic bay view.

You may also enjoy, at no additional cost, a pool, whirlpool, tennis court, nature trails, sun deck, dock, bicycles, row boats and lawn & board games. Close by are area attractions such as golf, charter fishing, cross country skiing, art galleries, concerts, plays and much more.

The Country House Resort is family-owned and operated. Our entire staff is dedicated to providing you with the best possible service and accommodations while visiting the Door County Peninsula. We hope to see you soon!

Enjoy a spectacular view of the bay, fountains and gardens from your private balcony or a recliner on our sun deck.
